

# Your health and safety are our top priorities.

As we all know, the coronavirus is affecting our everyday lives in ways unseen in recent times. With school cancellations, limited public gatherings, and economic uncertainty, there has been a temporary shock to the social, cultural, and economic fabric that weave the strands of our great nation. However, as a people, we have faced significant challenges before. These challenges have united and inspired us to march forward together to forge a new path. We take the lessons; of these dark moments and transform them into brighter hours.

## THE BIG IDEA

With that in mind, we feel it is essential to share the measures we are taking at The Home Team to ensure the safety of our customers and team members. Amid ongoing concerns about (COVID-19), we know you may have questions about what we at the Home Team can and will be doing to keep our community healthy.

As always, the Home Team takes your health and the health and safety of our team members seriously. The world continues to march forward, and so must we. In the midst of this we would like to share precautionary measures we are taking, and ones you can take as well:

## WHAT WE ARE DOING

We are closely monitoring the latest updates and reports from local, state and national government public health officials and using their resources. We will continuously update relevant information to customers and team members. Below are some of the recommended precautionary steps to take to minimize any risk of exposure

## What You Can Do

### Customer Precautions:

- Avoid unnecessary person to person contact (handshakes, high-fives, etc.)
- Clean and disinfect personal areas and belongings with Lysol or other recommended disinfectants frequently, especially before and after service has been provided.
- Avoid touching your eyes, nose, and mouth in general.
- If feeling ill, please contact us to cancel your job, and we will reschedule you free of charge after an 18-day window.
- Be sure to disinfect all rented moving vehicles and or equipment that you may utilize.
- Please disinfect any equipment or supplies you may request our team members to use before and after service is provided.

## WHAT OUR TEAM IS DOING

### Team Member Precautions:

- Avoiding unnecessary person to person contact (handshakes, high-fives, etc.)
- Keeping hand-sanitizer (with at least 60% alcohol) available at all times
- Wearing gloves job-site
- Washing hands with soap and hot water for at least 20 seconds every 30 minutes
- Avoiding touching eyes, nose, and mouth
- Cleaning and disinfecting areas and belongings with Lysol frequently before and after visiting job-sites.

## WHAT WE ALL CAN DO

1. Check the CDC for all updates and recommendations
2. Ohio and Pennsylvania both have centers for reporting any issues, questions comments or concerns
3. Minimize unnecessary exposure to individuals who may be at high-risk (older individuals, others who may have pre-existing illnesses or respiratory-related health issues.)
